 - 8. It indicates that it is being issued in order to support the obligation of the Contractor to perform under the Contract. It must specifically reference the Contract between LYNX and the Contractor and the work stipulated therein.
- c. The Contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. the Contract, which may result in the termination of the Contract or such other remedy as LYNX deems appropriate, which may include, but is not limited to:

1. Withholding monthly progress payments;
2. Assessing sanctions;
3. Liquidated damages; and/or
4. Disqualifying the Contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

It is also the policy of LYNX to:
 1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
 2. Create a level playing field on which DBE’s can compete fairly for DOT-assisted contracts;
 3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
 4. Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBE’s;
 5. Help remove barriers to the participation of DBEs in DOT assisted contracts;
 6. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
 7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
- b. The Contract is subject to 49 C.F.R. part 26. Therefore, the Contractor must satisfy the requirements for DBE participation as set forth therein. These requirements are in addition to all other equal opportunity employment requirements of the Contract. LYNX shall make all determinations with regard to whether or not a bidder/offeror is in compliance with the requirements stated herein. In assessing compliance, LYNX may consider during its review of the bidder/offeror’s submission package, the bidder/offeror’s documented history of non-compliance with DBE requirements on previous contracts with LYNX.

III. Contract Assurance

- a. The Contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of the Contract. The Contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of the Contract, which may result in the termination of the Contract or such other remedy as LYNX deems appropriate.
- b. DBE Participation

For the purpose of the Contract, LYNX will accept only DBE’s who are:

1. Certified, at the time of bid opening or proposal evaluation, by the Florida Department of Transportation or the Unified Certification Program (UCP); or

c. DBE Participation Goal

The DBE participation goal for the Contract is set forth in the solicitation. The goal represents those elements of work under the Contract performed by qualified Disadvantaged Business Enterprises for amounts totaling not less than the percentage of the total Contract price as set forth in the solicitation. Failure to meet the stated goal at the time of proposal submission may render the bidder/offeror non-responsive.

d. Termination of DBE Subcontractor

The Contractor shall not terminate the DBE subcontractor(s) listed in the DBE Participation Schedule attached to its proposal or bid without LYNX's prior written consent. LYNX may provide such written consent only if the Contractor has good cause to terminate the DBE firm. Before transmitting a request to terminate, the Contractor shall give notice in writing to the DBE subcontractor of its intent to terminate and the reason for the request. The Contractor shall give the DBE five days to respond to the notice and advise of the reasons why it objects to the proposed termination. When a DBE subcontractor is terminated or fails to complete its work on the Contract for any reason, the Contractor shall make good faith efforts to find another DBE subcontractor to substitute for the original DBE and immediately notify LYNX in writing of its efforts to replace the original DBE. These good faith efforts shall be directed at finding another DBE to perform at least the same amount of work under the Contract as the DBE that was terminated, to the extent needed to meet the Contract goal established for this procurement. Failure to comply with these requirements will be in accordance with "Sanctions for Violations" below.

e. Continued Compliance

LYNX shall monitor the Contractor's DBE compliance during the life of the Contract. In the event the Contract term exceeds ninety (90) days, it will be the responsibility of the Contractor to submit quarterly written reports to LYNX that summarize the total DBE value for the Contract. These reports shall provide the following details:

- DBE utilization established for the Contract;

- The authorized representative(s) of LYNX, the U.S. Department of Transportation, the Comptroller General of the United States, to inspect and audit all data and records of the Contractor relating to its performance under the Disadvantaged Business Enterprise Participation provision of the Contract.

- All data/record(s) pertaining to DBE shall be maintained as stated in the solicitation.

f. Sanctions for Violations

If at any time LYNX has reason to believe that the Contractor is in violation of its obligations under the Agreement or has otherwise failed to comply with terms of this Section, LYNX may, in addition to pursuing any other available legal remedy, commence proceedings, which may include but are not limited to, the following:

- Suspension of any payment or part due the Contractor until such time as the issues concerning the Contractor's compliance are resolved; and

For all contracts in excess of \$100,000 that involve the employment of mechanics or laborers, the Contractor shall comply with the Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708), as supplemented by the DOL regulations at 29 C.F.R. part 5. Under 40 U.S.C. § 3702 of the Act, the Contractor shall compute the wages of every mechanic and laborer, including watchmen and guards, on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or to contracts for transportation or transmission of intelligence.
- b. In the event of any violation of the clause set forth herein, the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, the Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of this clause in the sum of \$10 for

each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this clause.

- c. The FTA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime Contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in this section.
- d. The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth herein.

- b. The Contractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three (3) years from the completion of the Contract for all laborers and mechanics, including guards and watchmen, working on the Contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.
- c. Such records maintained under this paragraph shall be made available by the Contractor for inspection, copying, or transcription by authorized representatives of LYNX, the FTA and the Department of Labor, and the Contractor will permit such representatives to interview employees during working hours on the job.
- d. The Contractor shall require the inclusion of the language of this clause within subcontracts of all tiers.

It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.
- c. If available, the Contractor, in performing work under the Contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property and comply with all provisions of 48 CFR Subpart 47.4, entitled “Air Transportation by U.S. Flag Carriers.”
- d. In the event that the Contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons. See FAR § 47.403. [State reasons]:

If it is later determined by LYNX that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to LYNX, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions. The bidder or proposer agrees to comply with 2 C.F.R §200.213, C.F.R. - b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

- d. Lobbying restrictions applicable under 2 C.F.R §200.450, 2 C.F.R Part 200 Appendix II (J) and 49 C.F.R Part 20 relating to funds being used under a federal contract, grant etc. shall file the above certifications and disclosure forms, if required.

A.15 NO GOVERNMENT OBLIGATION TO THIRD PARTIES

The following requirements apply to all contracts utilizing federal funds:

LYNX and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, absent the express written consent by the Federal Government, the Federal Government is not a party to the Contract and shall not be subject to any obligations or liabilities to LYNX, Contractor or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract. The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

A.16 PATENT RIGHTS AND RIGHTS IN DATA

The following requirements apply to any contract (or subcontract) with a small business firm or nonprofit organization for the performance of experimental, developmental, or research work utilizing federal funds:

The project is funded through a Federal award with FTA for experimental, developmental, or research work purposes. As such, certain Patent Rights and Data Rights apply to all subject data first produced in the performance of the Contract. The Contractor shall grant LYNX intellectual property access and licenses deemed necessary for the work performed under the Agreement and in accordance with the requirements of 37 C.F.R. part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by FTA or U.S. DOT. Except for its own internal use, the Contractor may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Contractor authorize others to do so, without the written consent of the FTA or LYNX, until such time as FTA or LYNX may have either released or approved the release of such data to the public. This restriction on publication, however, does not apply to any contract with an academic institution. For purposes of the Contract, the term "subject data" means recorded information whether or not copyrighted, and that is delivered or specified to be delivered as required by the Contract. Examples of "subject data" include, but are not limited to computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information, but do not include financial reports, cost analyses, or other similar information used for performance or administration of the Contract.

The Federal Government reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use for "Federal Government Purposes," any subject data or copyright described below. For "Federal Government Purposes," means use only for the direct purposes of the Federal Government. Without the copyright owner's consent, the Federal Government may not extend its Federal license to any other party.
 - a. Any subject data developed under the Contract, whether or not a copyright has been obtained; and
 - b. Any rights of copyright purchased by the Contractor using Federal assistance in whole or in part by the FTA.
2. Unless FTA determines otherwise, the Contractor performing experimental, developmental, or research work required as part of the Contract agrees to permit FTA to make available to the public, either FTA's license in the copyright to any subject data developed in the course of the Contract, or a copy of the subject data first produced under the Contract for which a copyright has not been obtained. If the experimental, developmental, or research work, which is the subject of the Contract, is not completed for any reason whatsoever, all data developed under the Contract shall become subject data as defined herein and shall be delivered as the Federal Government may direct.
3. Unless prohibited by state law, upon request by the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the Federal Government, its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under that contract. The Contractor shall be required to indemnify the Federal Government for any such liability arising out of the wrongful act of any employee, official, or agents of the Federal Government.
4. Nothing contained in this clause on rights in data shall imply a license to the Federal Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Federal Government under any patent.
5. Data developed by the Contractor and financed entirely without using Federal assistance provided by the Federal Government that has been incorporated into work required by the underlying Contract is exempt

from the requirements herein, provided that the Contractor identifies those data in writing at the time of delivery of the Contract work.

6. The Contractor agrees to include these requirements in each subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance.

Upon execution of the Contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the Contract or the FTA assisted project for which the Contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.
- b. The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. chapter 53, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5323(l) on the Contractor, to the extent the Federal Government deems appropriate.

2. **Special Warranty.** When the Contract involves public transportation operations and is supported with federal assistance appropriated or made available for 49 U.S.C. § 5311, U.S. DOL will provide a Special Warranty for its award, including its award of federal assistance under the Tribal Transit Program. The U.S. DOL Special Warranty is a condition of the Contract.

3. **Special Arrangements.** The conditions of 49 U.S.C. § 5333(b) do not apply to contractors providing public transportation operations pursuant to 49 U.S.C. § 5310. FTA reserves the right to make case-by-case determinations of the applicability of 49 U.S.C. § 5333(b) for all transfers of funding authorized under title 23, United States Code (flex funds), and make other exceptions as it deems appropriate, and, in those instances, any special arrangements required by FTA will be incorporated herein as required.

The Contractor agrees to comply with applicable employee protective arrangements of 29 C.F.R Part 215:

- a. **General Transit Employee Protective Requirements -** To the extent that FTA determines that transit operations are involved, the Contractor agrees to carry out the transit operations work on the underlying contract in compliance with terms and conditions determined by the U.S. Secretary of Labor to be fair and equitable to protect the interests of employees employed under this contract and to meet the employee protective requirements of 49 U.S.C. The Contractor agrees to carry out that work in compliance with the conditions stated in that U.S. DOL letter. The requirements of this subsection (1), however, do not apply to any contract financed with Federal assistance provided by FTA either for projects for elderly individuals and individuals with disabilities authorized by 49 U.S.C. § 5310(a)(2), or for projects for no urbanized areas authorized by 49 U.S.C. § 5311. Alternate provisions for those projects are set forth in subsections (b) and (c) of this clause.
- b. **Transit Employee Protective Requirements for Projects Authorized by 49 U.S.C. § 5310(a)(2) for Elderly Individuals and Individuals with Disabilities -** If the contract involves transit operations financed in whole or in part with Federal assistance authorized by 49 U.S.C. § 5310(a)(2), and if the U.S. Secretary of Transportation has determined or determines in the future that the employee protective requirements of 49 U.S.C. § 5333(b) are necessary or appropriate for the state and the public body sub recipient for which work is performed on the underlying contract, the Contractor agrees to carry out the Project in compliance with the terms and conditions determined by the U.S. Secretary of Labor to meet the requirements of 49 U.S.C. § 5333(b), U.S. DOL guidelines at 29 C.F.R. Part 215, and any amendments thereto. The Contractor agrees to perform transit operations in connection with the underlying contract in compliance with the conditions stated in that U.S. DOL letter.
- c. **Transit Employee Protective Requirements for Projects Authorized by 49 U.S.C. § 5311 in Nonurbanized Areas -** If the contract involves transit operations financed in whole or in part with Federal assistance authorized by 49 U.S.C. § 5311, the Contractor agrees to comply with the terms and conditions of the Special Warranty for the Nonurbanized Area Program agreed to by the U.S. Secretaries of Transportation and Labor, dated May 31, 1979, and the procedures implemented by U.S. DOL or any revision thereto. The Contractor also agrees to include any applicable requirements in each subcontract involving transit operations financed in whole or in part with Federal assistance provided by FTA.

2. Require the Contractor to take such remedial measures as FTA considers appropriate.

When operating exclusive school bus service under an allowable exemption, the Contractor may not use federally funded equipment, vehicles, or facilities.

The Contractor should include the substance of this clause in each subcontract or purchase under the Contract that may operate public transportation services.

A.22 SEISMIC SAFETY

The following requirements apply to contracts for the construction of new buildings or additions to existing buildings utilizing federal funds:

A.24 TERMINATION

The following contract clauses identified in the heading of each as "General" apply to all contracts in excess of \$10,000 utilizing federal funds. Where a heading to a clause indicates that it has specific applicability (i.e., "Professional or Transit Services Contracts", "Supplies and Service", etc.), those clauses apply to the specific application so noted in lieu of the corresponding clause identified as "General". The foregoing notwithstanding, to the extent that termination for convenience, termination for default and cure are addressed in the body of the Contract and such terms are inconsistent with the terms set forth below, the terms set forth in the body of the Contract will control. However, in either scenario, LYNX has the remedies for non-compliance by the Contractor as stated in 2 CFR §200.339 and Contractor must comply with 2 CFR Part 200, Appendix II, Contract provisions for Non-Federal Entity contracts under Federal Awards:

I. Termination for Convenience (General)

LYNX may terminate the Contract, in whole or in part, at any time by written notice to the Contractor when it is in LYNX's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to LYNX to be paid the Contractor. If the Contractor has any property in its possession belonging to LYNX, the Contractor will account for the same, and dispose of it in the manner LYNX directs.

II. Termination for Default (General)

If the Contractor does not deliver supplies in accordance with the Contract delivery schedule, or if the Contract is for services, the Contractor fails to perform in the manner called for in the Contract, or if the Contractor fails to comply with any other provisions of the Contract, LYNX may terminate the Contract for default. Termination shall be effected by serving a Notice of Termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will be paid only the Contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by LYNX that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, LYNX, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a Termination for Convenience.

III. Opportunity to Cure (General)

- a. LYNX, in its sole discretion may, in the case of a termination for breach or default, allow the Contractor ten (10) days in which to cure the defect. In such case, the Notice of Termination will state the time period in which cure is permitted and other appropriate conditions.
- b. If Contractor fails to remedy to LYNX's satisfaction the breach or default of any of the terms, covenants, or conditions of the Contract within ten (10) days after receipt by Contractor of written notice from LYNX setting forth the nature of said breach or default, LYNX shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude LYNX from also pursuing all available remedies against Contractor and its sureties for said breach or default.

IV. Waiver of Remedies for any Breach (General)

In the event that LYNX elects to waive its remedies for any breach by Contractor of any covenant, term or condition of the Contract, such waiver by LYNX shall not limit LYNX's remedies for any succeeding breach of that or of any other covenant, term, or condition of the Contract.

V. Termination for Convenience (Professional or Transit Service Contracts)

LYNX, by written notice, may terminate the Contract, in whole or in part, when it is in LYNX's interest. If the Contract is terminated, LYNX shall be liable only for payment under the payment provisions of the Contract for services rendered before the effective date of termination.

VI. Termination for Default (Supplies and Service)

- a. If the Contractor fails to deliver supplies or to perform the services within the time specified in the Contract or any extension, or if the Contractor fails to comply with any other provisions of the Contract, LYNX may terminate the Contract for default. LYNX shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the Contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in the Contract.
- b. If, after termination for failure to fulfill Contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of LYNX.

VII. Termination for Default (Transportation Services)

- a. If the Contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in the Contract or any extension, or if the Contractor fails to comply with any other provisions of the Contract, LYNX may terminate the Contract for default. LYNX shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of default. The Contractor will only be paid the Contract price for services performed in accordance with the manner of performance set forth in the Contract.
- b. If the Contract is terminated while the Contractor has possession of LYNX goods, the Contractor shall, upon direction of LYNX, protect and preserve the goods until surrendered to LYNX or its agent. The Contractor and LYNX shall agree on payment for the preservation and protection of goods. Failure to agree on an amount will be resolved under the Dispute clause.
- c. If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of LYNX.

VIII. Termination for Default (Construction)

- a. If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will ensure its completion within the time specified in the Contract or any extension or fails to complete the work within this time, or if the Contractor fails to comply with any other provision of the Contract, LYNX may terminate the Contract for default. LYNX shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. In this event, LYNX may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to LYNX resulting from the Contractor's refusal or failure to complete the work within specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by LYNX in completing the work.
- b. The Contractor's right to proceed shall not be terminated nor shall the Contractor be charged with damages under this clause if:
 1. The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include: acts of God, acts of LYNX, acts of another contractor in the performance of a contract with LYNX, epidemics, quarantine restrictions, strikes, freight embargoes; and
 2. The Contractor, within 10 days from the beginning of any delay, notifies LYNX in writing of the causes of delay. If, in the judgment of LYNX, the delay is excusable, the time for completing the work shall be extended. The judgment of LYNX shall be final and conclusive for the parties, but subject to appeal under the Disputes clause(s) of the Contract.
- c. If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of LYNX.

IX. Termination for Convenience or Default (Architect and Engineering)

- a. LYNX may terminate the Contract in whole or in part, for LYNX's convenience or because of the failure of the Contractor to fulfill the Contract obligations. LYNX shall terminate by delivering to the Contractor a Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to LYNX all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing the Contract, whether completed or in process. LYNX has a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, all such data, drawings, specifications, reports, estimates, summaries, and other information and materials.
- b. If the termination is for the convenience of LYNX, LYNX shall make an equitable adjustment in the Contract price but shall allow no anticipated profit on unperformed services.
- c. If the termination is for failure of the Contractor to fulfill the Contract obligations, LYNX may complete the work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by LYNX.
- d. If, after termination for failure to fulfill Contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of LYNX.

X. Termination for Convenience or Default (Cost-Type Contracts)

- a. LYNX may terminate the Contract, or any portion of it, by serving a Notice of Termination on the Contractor. The notice shall state whether the termination is for convenience of LYNX or for the default of the Contractor. If the

termination is for default, the notice shall state the manner in which the Contractor has failed to perform the requirements of the contract. The Contractor shall account for any property in its possession paid for from funds received from LYNX, or property supplied to the Contractor by LYNX. If the termination is for default, LYNX may fix the fee, if the Contract provides for a fee, to be paid the Contractor in proportion to the value, if any, of work performed up to the time of termination. The Contractor shall promptly submit its termination claim to LYNX and the parties shall negotiate the termination settlement to be paid the Contractor.

- b. If the termination is for the convenience of LYNX, the Contractor shall be paid its contract close-out costs, and a fee, if the Contract provided for payment of a fee, in proportion to the work performed up to the time of termination.
- c. If, after serving a Notice of Termination for Default, LYNX determines that the Contractor has an excusable reason for not performing, LYNX, after setting up a new work schedule, may allow the Contractor to continue work, or treat the termination as a Termination for Convenience.

III. Remedies

Substantial failure of the Contractor to complete the project in accordance with the terms of this Agreement will be a default of the Agreement. In the event of a default, LYNX will have all remedies in law and equity, including the right to specific performance, without further assistance, and the rights to termination or suspension as provided herein. The Contractor recognizes that in the event of a breach of the Contract by the Contractor before LYNX takes action contemplated herein, LYNX will provide the Contractor with sixty (60) days written notice that LYNX considers that such a breach has occurred and will provide the Contractor a reasonable period of time to respond and to take necessary corrective action.

IV. Disputes

Disputes arising in the performance of the Contract that are not resolved by agreement of the parties shall be decided in writing by the authorized representative of LYNX's Chief Executive Officer. VI. Claims for Damages

Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents or others for whose acts it is legally liable, a claim for damages therefor shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.

VII. Remedies

Unless the Contract provides otherwise, all claims, counterclaims, disputes and other matters in question between LYNX and the Contractor arising out of or relating to the Contract or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which LYNX is located.

VIII. Rights and Remedies

The duties and obligations imposed by the Contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by LYNX or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

A.26 CHANGES TO FEDERAL REQUIREMENTS

LYNX may conduct an evaluation of the successor party's capability to perform this Contract in the same manner and to the same extent that LYNX conducted a responsibility determination as part of the original solicitation for this Contract. Should LYNX, for any reason, not recognize a successor in interest, LYNX may terminate this Contract.
- b. Any attempt to transfer by assignment that LYNX does not first authorize shall constitute a material breach of this Contract and LYNX may terminate this Contract in accordance with the "Termination for Default" clause set forth in this Contract.
