 - Authorization to Conduct a Zero-Emission Trip Demonstration
- New Director of Finance - Michelle Daley
- Last year we increased Stop-Loss medical coverage from \$200,000 to \$400,000 per claim. The \$600,000 insurance policy premium savings has been placed in a new restricted fund for catastrophic claims. We have not had any claims over \$200,000 this year. Going into next year, we can further reduce the premium by \$175,000 by increasing the Stop-Loss from \$400,000 to \$500,000 per claim. Reviewing the past 10 years, we have not had any claims over \$400,000. Each year the amount of dollars that we save on the base case \$200,000 Stop-Loss policy premium will be put into the restricted catastrophic claims fund. The current catastrophic claims fund balance is \$600,000. If we move to the \$500,000 coverage level, the additional premium savings will bring the fund balance to \$1.4M next year.
- In January we will bring a 1st draft of FY2021 Financials and have a workshop conversation about budget assumptions for the FY2023 budget.

Mr. Antmann concluded his report.

5. Discussion Items

 - IT Assessment – November 2021
 - Year-end Fieldwork – December 2021 – January 2022
 - Review of Financial Statements – February 2022
 - Presentation to Audit Committee – March 2022

Mr. Knopp concluded his presentation. Chair Clavijo asked Mr. Antmann if he had heard from GFOA regarding last fiscal year’s audit. Mr. Antmann responded that once everything is filed, we typically don’t hear back until late in the year.

B. Update on Paratransit Services

Mr. Hickling, Director of Operations, led a presentation of the Mobility Service Challenges and Actions LYNX has taken to mitigate the challenges. The national labor shortage has impacted our paratransit service provider similarly to how our fixed route service has been impacted, MV is currently understaffed by 70-75 operators. Customer Service has been challenged taking the calls, making the reservations and handling increased calls regarding schedule adherence. Mr. Hickling went through a number of key performance indicators (KPI) to illustrate the challenges.

We are asking the Board for authorization to approve the 3rd amendment to the MV contract. The current MV contract requires us to renegotiate the rates for the final 8 months of the contract FY2022/2023. MV and LYNX have worked together on a proposal to speed up the rate increase for their operators so it would be effective as soon as they sign the collective bargaining agreement that they are looking to make retroactive to October 1. This would allow MV to provide a \$3/hour increase across their operator wage scale. This will raise the starting operators wages from \$13/hr to \$16/hr; about a \$ 163,000 per month increase to what we have been paying MV. LYNX staff believes this would align with the current labor market and help MV with recruitment and retention of operators.

Mobility Services Presentation Request for Proposal for Paratransit Services

Mr. Hickling led a discussion about Mobility Services request for proposal process. The current mobility contract has been in effect since December 2017 and will expire end of November 2022.

Several lessons were learned with the current mobility contract. We want to limit the number of contracted service providers to reduce the scope of LYNX oversight and administrative burden. Prime contractors can sub-contract to meet peak demand periods. Operators must be employees of contracted service providers. Contract cannot specify min/max number of trips; must provide flexibility to LYNX and community needs. Right size vehicle fleet; smaller vehicles provide less capacity and flexibility to system. Ensure technology connectivity which must be controlled by LYNX.

The proposal must demonstrate forecasted demand growth, consolidation of service providers and sub-contractors for enhanced oversight and tracking, technology integration, ensure consistent customer satisfaction and service quality, ability to adjust to demand, improved efficiency and effectiveness in providing service, as well as strong management commitment and partnership. We provide most of the vehicles for the primary carrier but we want to allow the contractor to lease additional vehicles if needed to meet demand.

LYNX staff will come back to the Board in the April/May 2022 timeframe to get approval and then start the transition to the provider(s) that we select. The plan is to request the authorization to release an RFP at the December 2021 Board meeting.

Mr. Hickling completed his presentation.

Item Name: Authorization to Release a Request for Proposal (RFP) for ACCESS LYNX Paratransit Services

Date: 12/3/2021

ACTION REQUESTED:

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to release a Request for Proposal (RFP) for ACCESS LYNX Paratransit Services.

BACKGROUND:

For the better part of the past two decades, MV Transportation, Inc. has been the primary provider of paratransit services for ACCESS LYNX.

In September 2016, using the Architectural and Engineering Services Contract (#16-C06), LYNX issued a Task Order to the Jacobs Engineering Firm to assist in developing a Mobility Manager Broker Framework including; developing a Concept of Operations, Defining Roles and Responsibilities of LYNX and the New Operations Contractor under the Mobility Management Operating Concept.

In October 2016, LYNX modified the Task Order to authorize a Phase 2 work effort that included continuing to define the Mobility Manager Framework Structure and Service Concept. Phase 2 also allowed continued development of Roles and Responsibilities of LYNX staff and New Operations Contractor, as well as Procurement Support for Paratransit Operations Contractor.

In January 2017, LYNX began the process of transitioning the delivery of its ACCESS LYNX services to a Mobility Management Operational Model. At the time, the objective was to provide more responsive services to all customers while mitigating the operational inefficiencies. Through the LYNX Mobility Management Model, LYNX staff booked customers' trips on the

LYNX Finance & Audit Committee Agenda

appropriate service type; including the brokering of trips to Transportation Networks Companies (TNCs), Taxi Companies, or other Transportation Providers.

The Mobility Management Model went into effect in December 2017 and continues to date. The lessons learned in the nearly three years of operations under the Mobility Management Model have provided the guiding principles for the development of the requested RFP.

The Scope of Work for ACCESS LYNX Operations, as noted in the RFP, has been developed by Mobility Services and Operations staff with technical assistance from a cross-functional team, which has included: Planning, Information Technology, Safety and Security, Finance, Procurement, etc. Additionally, best practices, program goals, input from paratransit customers and advocates, among other information has been considered and used to increase program and cost efficiencies. Staff has anticipated the awarding of only one contract for ACCESS LYNX paratransit purchased transportation services. However, the RFP SOW will facilitate the awarding of contracts to multiple vendors should that be deemed in the best interest of LYNX.

DISADVANTAGE BUSINESS ENTERPRISE (DBE) PARTICIPATION:

No DBE Goal has been established for this contract. LYNX encourages the Contractor to make every attempt to obtain participation of certified DBEs and other small businesses in the completion of this contract (Race Neutral).

FISCAL IMPACT:

The Approved FY2022 Operating Budget includes \$29,063,409 for Purchased Transportation for paratransit services.

Item Name: Authorization to Solicit FY 2022-2023 Project Applications for the Federal Transit Administration (FTA), Section 5310 Program: Enhanced Mobility of Seniors and Individuals with Disabilities

Date: 12/3/2021

ACTION REQUESTED:

Staff is requesting the Board of Directors' authorization for the Chief Executive Officer (CEO) or designee to conduct the competitive process to select projects and sub-recipients for the Federal Transit Administration (FTA) Enhanced Mobility of Seniors and Individuals with Disabilities, Section 5310 Program.

BACKGROUND:

The Governor of the State of Florida appointed LYNX as the designated recipient for Section 5310 funds, under MAP-21 (continues under the Fixing American's Surface Transportation Act aka "FAST" Act), for the Census defined urbanized portion of Orlando and Kissimmee. As the designated recipient of 5310 funds for the urbanized areas of Orlando and Kissimmee, Florida, LYNX has the responsibility to develop a program of projects, including soliciting projects from non-profit organizations and other eligible entities under Section 5310 that serve seniors and individuals with disabilities. The Section 5310 program is intended to enhance mobility for seniors and persons with disabilities by providing funds for programs to serve the special needs of transit-dependent populations beyond traditional public transportation services and Americans with Disabilities Act (ADA) complementary paratransit services.

Eligible activities under FAST Act include:

1. Public transportation projects planned, designed, and carried out to meet the special needs of seniors and individuals with disabilities when public transportation is insufficient, inappropriate, or unavailable.
2. Public transportation projects that exceed the requirements of the ADA.

LYNX Finance & Audit Committee Agenda

3. Public transportation projects that improve access to fixed-route service and decrease reliance by individuals with disabilities on complementary paratransit.
4. Alternatives to public transportation that assist seniors and individuals with disabilities.

LYNX Mobility Management completed the Transportation Disadvantaged Service Plan (TDSP) with minor updates for FY 2021, a requirement by the State of Florida Commission for the Transportation Disadvantaged (CTD) and was approved by MetroPlan Orlando's Local Coordinating Board (LCB) on May 14, 2020. Included in the TDSP is the 5310 locally developed and coordinated public transit-human services transportation plan for FTA's Section 5310.

LYNX staff intends to competitively solicit project applications from non-profit organizations and other 5310 eligible entities to select sub-recipients. LYNX has successfully worked with non-profit agencies that have current coordination agreements to strive towards a common goal of providing cost-effective and efficient transportation services for seniors and individuals with disabilities. The 5310 trips provided directly by human service agencies to their respective clients are cost effective and reduces the need to provide paratransit trips to eligible riders.

DISADVANTAGE BUSINESS ENTERPRISE (DBE) PARTICIPATION:

A DBE participation goal is not applicable for this activity.

FISCAL IMPACT:

The Approved FY2022 Operating Budget includes \$300,000 for purchased transportation expense as well as the federal revenue to cover the expense.

Item Name: Authorization to Execute Final Change Order #5 to McCree General Contractors & Architects, Inc.

Date: 12/3/2021

ACTION REQUESTED:

Staff is requesting the Board of Directors authorization for the Chief Executive Officer (CEO) or designee to execute the final project change order for \$684,480 to McCree General Contractors & Architects, Inc.

BACKGROUND:

The purpose of the new LOC Paratransit Expansion Project is to transition out of the L.B. McLeod facility. The current facility houses 204 paratransit vehicles. There are currently 35 administrative employees working at this location, with approximately 291 Bus Operators operating/reporting to this location on a daily basis.

McCree General Contractors & Architects, Inc. and LYNX project team value engineered the original scope design of the project. In addition, it has now been determined that FDOT will be funding a portion of this project for approximately \$2.5 million with a \$2.5 million match from LYNX. The project team has determined alternate options to provide a more efficient workflow and increased operational sustainability.

On October 3, 2018, McCree received the Notice to Proceed (NTP) to construct the new LOC Paratransit Expansion Project in the amount \$3,734,166.

On February 28, 2019, the LYNX Board of Directors approved Change Order #1 in the amount of \$800,955. Items included in this change order included: changes to original administrative building and maintenance facility, including a security system tie-in, additional bus wash bays to increase efficiency, Haz-Mat storage, additional motorized gate for entrance at abandoned cul-de-sac location, and a larger backup generator for emergency dispatch.

LYNX Finance & Audit mmittee Agenda

On September 30, 2019, the LYNX Board of Directors approved Change Order #2 in the amount of \$233,464. Items included in this change order included additional items needed as a result of the increased bus wash bays, various access control RFID readers, permit required items (survey, landscape buffers), fencing for parts storage, added restrooms for maintenance building and an expanded maintenance office.

The change orders associated with Change Order # 3 total \$17,096. These include costs to purchase the modular building (instead of leasing), utilities for potential future improvements, removal of a significant tree stump between the LYNX and NoPetro parcel, removal of fencing, and additional costs for the replat. In addition, deductive change orders included switching from black vinyl fencing to regular chain link and removal of the money room.

Change Order # 4 includes additional costs to upgrade and purchase the building which was not accounted for in Change Order #3, the cost for staff time to address the replat of the property and costs for provisions of a RFID Tracking System for the fuel dispensers. The total cost for this change order is \$77,060.

The proposed Change Order # 5 represents the final change order to close out the project. The total for this is \$684,480. This includes unanticipated costs to address additional City of Orlando items related to the replat of the property and added IT outlets in the administrative building to allow multiple staff to occupy the offices. Additionally, it includes painting conflict points safety yellow to avoid damage and adding stone along the fence line to minimize erosion. It also includes a deductive change order for millwork items not needed. The total cost for these items is \$4,480. The balance of this change is \$680,000 for soil remediation costs.

ACTION REQUESTED:

Staff is requesting the Board of Directors authorization for the Chief Executive Officer (CEO) or designee to amend task order #19-01 to Kimley-Horn and Associates, Inc. in the amount of \$65,000 to provide for additional construction engineering and inspection services for the LOC Expansion Project.

The requested dollars will allow these services to continue through the end of project construction (approx. December 2021) and allow for assistance with the aforementioned change order and settlement.

Item Name: Authorization to Appoint Michelle Daley to Pension Trustee and Administrative Committee Boards

Date: 12/3/2021

ACTION REQUESTED:

Staff is requesting the Board of Directors' authorization to adopt Resolution No. 21-013 authorizing the appointment of Michelle Daley, Director of Finance, to the Administrative Committee and Trustee Board for the 457 Deferred Compensation Plan, Money Purchase Plan, and the Defined Contribution Plan for Bargaining Unit Employees and Board of Trustees for the Amalgamated Transit Union (ATU) Local 1596 Pension Plan (Defined Benefit Plan).

BACKGROUND:

Ms. Daley will replace Ms. Dana Baker on the Administrative Committee, Trustee Boards and Board of Trustees for the Amalgamated Transit Union (ATU) Local 1596 Pension Plan (Defined Benefit Plan) and will serve with Mr. Brian Anderson, Senior Human Resource Generalist and Mr. Albert Francis II, Senior Advisor to the Chief Financial Officer.

LYNX, as the employer, is the Plan Administrator for LYNX's Money Purchase Plan, Deferred Compensation Plan, and the Defined Contribution Plan for Bargaining Unit Employees. As such, the employer/Plan Administrator has a number of responsibilities, duties, and obligations in maintaining and operating each of the Plans. Unless an appointment is made to delegate these responsibilities and duties, the employer acts through its Board of Directors. For purposes of this, any reference to actions to be taken by LYNX in its capacity as employer or Plan Administrator means LYNX's Board of Directors unless otherwise specified. LYNX has general powers and responsibilities, including the power to appoint counsel, specialists, advisers, investment managers, agents (including any nonfiduciary agent) and other persons as the employer deems necessary or desirable in connection with the exercise of its fiduciary duties under this Plan, including the Trustee and Administrator. Consistent with this power of appointment, LYNX has the obligation to periodically review the performance of any fiduciary or other person to whom

duties have been delegated or allocated by it. Since LYNX is the Administrator, and has the power to appoint, it may appoint any person(s) to perform its duties as the Administrator.

FUNCTIONS OF THE ADMINISTRATOR - The primary responsibility of the Administrator is to administer the Plan for the exclusive benefit of the participants and their beneficiaries in accordance with its terms. It has the power and discretion to construe the terms of the Plan and to determine all questions arising in connection with the administration, interpretation, and application of the Plan. Benefits under this Plan will be paid only if the Administrator decides, in its discretion, that the applicant is entitled to them. The Administrator may establish procedures to carry out the purpose of the Plan, provided they are nondiscriminatory and shall comply with the terms of the Internal Revenue Code and Plan's document. An enumerated listing of the Administrator's duties includes, but is not limited to, the following:

- (a) The discretion to determine all questions relating to the eligibility of employees to participate in the Plan;
- (b) The authority to review and settle all claims against the Plan;
- (c) To compute, certify, and direct the Trustee with respect to the amount of benefit to which any participant is entitled;
- (d) To authorize and direct the Trustee with respect to disbursements from the trust;
- (e) To maintain all necessary records for the administration of the Plan;
- (f) To interpret the provisions of the Plan and to make and publish rules;
- (g) To compute and certify the amount of contribution to the Plan and advise the Trustee accordingly;
- (h) To prepare and implement procedures to notify eligible employees of Plan provisions and changes;
- (i) To qualify any domestic relations orders received;
- (j) To assist any participant regarding the participant's rights, benefits, or elections available under the Plan; and
- (k) Retain a record of actions taken, accountings, records, etc. necessary for proper administration of the Plan and shall be responsible for supplying all information and reports to any governmental agencies, participants and beneficiaries, as required by law.

For the employees who are members of ATU Local 1596 participate in a defined benefit retirement Plan. The Plan has an oversight Trustee Board consisting of three Union and three Management employees. LYNX's Chief Executive Officer selects three Management employees to serve as Trustees with confirmation from the LYNX Board of Directors' and the Union's Executive Board appoints its representatives.
