Fiscal Year 2025 Service Performance Report

GLOSSARY

Definitions of Metrics Used on the Monthly Performance Data Sheets

Ridership – The number of trips taken by people using a public transportation system in a given time period.

Passengers per Trip – The average number of passengers who ride on a revenue trip.

On-Time Performance –

Fixed Route and LYMMO: LYNX defines a bus as on-time if it falls within 0 minutes early to six (6) minutes late of the published schedule.

NeighborLink: LYNX defines a NeighborLink as on-time if the trip is capable of being operated in full and a vehicle is available for scheduled pick-ups.

ACCESS LYNX: LYNX defines an ACCESS LYNX trip as on-time if the customer is picked up no earlier than their scheduled pickup time and no later than 30 minutes after their scheduled pickup time.

National Transit Database (NTD) Reportable Accidents – A safety or security event occurring on transit right-of-way or infrastructure, at a transit revenue facility, at a transit maintenance facility or rail yard, during a transit related maintenance activity or involving a transit revenue vehicle that results in one or more of the following conditions:

- A fatality confirmed within 30 days of the event
- An injury requiring immediate medical attention away from the scene for one or more person
- Property damage equal to or exceeding \$25,000
- Collisions involving transit revenue vehicles that require towing away from the scene for a transit roadway vehicle or other non-transit roadway vehicle
- An evacuation for life safety reasons

Total Trips Scheduled – Number of vehicle revenue trips scheduled to operate for the month.

Percentage of Scheduled Trips Operated – Percentage of the total of the revenue trips that were actually operated for the month compared to the number that were scheduled to operate.

Fleet Availability – Shows the amount of vehicles in the bus vehicle fleet that are available for revenue-earning work.

Preventative Maintenance Completed On Time – Percentage of the total number of scheduled preventive maintenance inspections that were completed on time.

Collected Fares – Percentage of fares collected from passengers to use the service.
